Idioma Inglés

On 16 June, attention of the NCD civil society movement was focused on the Informal interactive civil society hearing on the prevention and control of noncommunicable diseases, which took place at the UN in New York. The NCD Alliance called on all those concerned to make themselves heard by heads of state and health decision makers. Moreover, the Alliance is encouraging a high turnout by heads of government at the UN Summit in September. Read more about the NCD Alliance 100 Days of Action.
